## LIST 2305

THIS LIST COVERS STOCK OFFERED BY

## CLARKE NURSERY CO.

SAN JOSE. CALIF.
SEASON 1923-1924

## PLEASE NOTE

All summer quotations not accepted to date are hereby cancelled.
GRADING. Plants that are wider than they are tall are graded by width.

QUANTITIES. Five' or more plants of one kind and size will be supplied at 10 rate; 50 or more at 100 rate; 500 or more at 1000 rate.

POTS. Prices on pot grown stock do not include the pots and unless otherwise instructed plants will be removed from pots before shipping. If wanted in the pots they will be charged for at cost.

PACKING. Will be charged for at cost as usual. Plants will be packed to secure lowest possible freight classification consistent with the nature of goods shipped.

SHIPPING. Our responsibility ceases when goods are delivered to transportation company in good order. They travel at buyer's risk. Please state distinctly whether you wish goods shipped by freight or express and where water shipment is possible be sure to specify by water or rail as you may prefer.

STOCK TO GROW ON. This list contains an excellent and extensive assortment of stock to grow on. These items are not listed separately but will be found with the larger sizes throughout the list.

This list covers items of which we now have a fairly good supply. Many other things can be furnished in smaller quantities and quotations will be made on request. So if you want any ornamental stock not listed here write me about it.

This list is for the trade only and all prices are strictly net.

## CONIFERS

Unless otherwise noted all plants in this section will be balled at prices quoted.

## FLOWERING CHERRIES

Advance bookings have been so heavy that both assortment and stock are limited and size mainly small.
FUGENZO (J. H. Veitch). Flowers very large, deep pink very double, petals ruffled. See cut in Bailey's Cyclopedia of Horticulture at page 2832. 1 to $11 / 2 \mathrm{ft}$
KURAMAYAMA. Flowers semi-double, white with pi........................................................................................... 75
MIKURU-MAKAISI. Flowers double, pale rose. 1 to 2 ft . $1.25 \quad 1.00$
NADEN. Flower very large, double and very deep pink.
One of the best. 1 to 2 ft .................................... 1.251 .00
OJOCHIN. Flowers delicate lavender pink, single, large on
short stems. 1 to 2 ft................................................. 1.00 . 75
SEKIZAU (Sekiyama). Late bloomer with large, double, rich rose colored flowers. One of the handsomest.

1
to
2 ft...................................................................... 1.25

SERRULATA HOMOGENA. Has not bloomed yet and no
description available. 2 to 3 ft....................................... Flowers very large, very double and said to be pink turning white, but with us bears both white and pink flowers. 1 to 2 ft .
SHOGETSU. Flowers pale pink, double and very large, on long stems. A rather late bloomer and one of the best. $11 / 2$ to 2 ft ............................................................ 1.50 1.25

TAIZANFUKUN. Flowers pink, medium size and double.
Foliage very distinct and attractive.

JAPANESE WEEPING. An old favorite but always rare. Top grafted on straight stems it makes a beautiful object at any time and particularly in Spring when covered with its profusion of single pink flowers.

Top grafted on 4 ft . stems.

## FLOWERING PEACHES

WISTERIA. All sold.

## ROSES

I think it is safe to say that I am offering the greatest assortment of novelties in this country and a very complete line of the usual varieties as well. Roses will be offered in separate lists. Write any time for list corrected down to date. I handle both budded and own root stock and my connections with growers enable me to supply anything if it is obtainable at all.
